

1.0 Percent Participation Justification Form 2018–19

The *Every Student Succeeds Act (ESSA)* requires each district and charter school to complete and submit a justification when it anticipates exceeding 1.0 percent of students assessed in a subject area (i.e., English Language Arts/Reading, Mathematics, and/or Science) with the NCEXTEND1 alternate assessment. Justifications from each district and charter school will be reviewed by the North Carolina Department of Public Instruction (NCDPI), and follow up actions will be determined based on the information found in the justification document. Staff from the Exceptional Children and Accountability Divisions in each district and charter school should collaborate to provide the following information on the justification document. Responses to Sections 1–4 and the designated signatures are required; it is optional to include additional information (see page 5). This justification document will be publicly posted. As such, the document **must not contain any personally identifiable information**. If necessary, additional pages may be attached to this form.

Does the district or charter school identify students to participate in the alternate assessment that do not traditionally participate (i.e., Speech and Language Impairment, Specific Learning Disability, etc.)? If yes, please explain how the district determined these students meet the criteria for participation in the alternate assessment.

☐ Yes

☒ No

Explain below:

Currently, the two SLD students who participate in the alternate assessment are more than four grade levels behind and their achievement scores are below 40.

Does the district or charter school provide a targeted program that may contribute to a higher enrollment of students with significant cognitive disabilities?

☐ Yes

☒ No

Explain below:

Does the district or charter school have a small overall student population that increased the likelihood of exceeding the 1.0 percent threshold?

☒ Yes

☐ No

Explain below:

Person County Schools has a small number of students at tested grade levels. The difference between being over and under the 1% at any given grade level ranges from one to four students. The difference between being over and under the 1% for all (reading and math) is ten students.

Section 3: Assurances

Does the district or charter school have a process in place to monitor alternate assessment participation?

☒ Yes

☐ No

Explain below:

1.0 Percent Participation Justification Form 2018–19

As part of its internal audit procedures Person County Schools monitors and reviews alternate assessment participation.

Does the district or charter school have a process in place to identify and address disproportionality in alternate assessment participation (specifically, among race, gender, or socioeconomic status groups)?

☒ Yes

☐ No

Explain below:

While disaggregated data will be reviewed for each grade level and tested subject, the district will use the composite ALL data for reading and math when determining whether there is disproportionality due to the small number of students taking the alternate assessment at each grade. Risk ratios will be calculated for all subgroups with at least 5 participating in the alternate assessment. If the risk ratio for the subgroup is greater than 3, the district will examine whether there is a research-based reason for the difference and address issues found.

Section 4: Resources and Technical Assistance

What resources and technical assistance does the district or charter school need from the North Carolina Department of Public Instruction to ensure that students are being assessed using the appropriate assessment?

Person County Schools does not need any additional resources.
